

KGTV-DT, San Diego, California (Facility ID No. 40876)  
Form 387 – Exhibit  
October 2008

---

**Summary:**     *NTSC Channel 10*  
                  *Current DTV Channel 25*  
                  *Post-Transition Channel 10*  
                  *Expected Date of Completion: February 18, 2009*

KGTV-DT, San Diego, California (the “Station”), licensed to McGraw-Hill Broadcasting Company, Inc. (the “Licensee”), will switch to its analog Channel 10 for post-transition operations. The Station plans to use its existing analog antenna for post-transition operations. Consistent with the policies and processes in the *Third DTV Periodic Review*,<sup>1</sup> the Station will provide reduced analog service for approximately two months before the transition while it modifies its transmitter. Licensee expects to have implemented full post-transition operations by February 18, 2009. Where noted, Licensee separately will seek regulatory assistance pursuant to the rules and policies set forth in the *Third DTV Periodic Review*.<sup>2</sup>

**Current Progress.** Licensee has developed and finalized construction plans. Licensee has submitted a construction permit application for post-transition operations.<sup>3</sup>

**Construction Schedule.** Licensee’s remaining schedule for implementing the Station’s full post-transition facilities is as follows:

- **November 17, 2008**   File notification with Commission regarding anticipated reduction in analog service. Commence viewer notification of anticipated reduction in analog service.
- **December 17, 2008**   Take analog transmitter offline, remove combiner, and connect transmitter directly to Channel 10 antenna. Commence analog operations at 66% of authorized power.
- **February 2009**       Complete transmitter modification and testing.
- **February 17, 2009**   Terminate analog operations on Channel 10. Terminate digital operations on Channel 25.
- **February 18, 2009**   Begin digital operations on Channel 10. **IMPLEMENT FULL POST-TRANSITION OPERATIONS.**
